

CIRCUS AND SWIMMING MAKE IT KIDDIES' DAY

Opening of Municipal Pool and Parade Dual Juvenile Attraction.

Oh, joy! Kidland is busy today. There is a dual reason for "hooking" school on this day of days, and it is probable that the attendance at the schools about the Nation's Capital may be slim.

The municipal swimming pool opens this morning at 10 o'clock, and a few moments later there will be a free exhibition of the unusual wonders of the far East and great West along with a number of circus attractions on the streets of the city. Buffalo Bill's 101 Wild West Shows and Modern Circus is in the city for two days.

Few children will perhaps be able to resist the attractions of both these pleasures.

The swimming hole will open at 10 o'clock this morning, and until 5 in the afternoon males of all ages, who enjoy water sports, will have the opportunity to disport themselves in the cooling and no doubt chilling waters of the pool. Just what hours will be reserved for girls and women has not as yet been decided upon, but it is thought that within a few days the girls, who just love those "Annette Kellermann's," will be given opportunity to enjoy the sport.

The Town Crier

A meeting of the Rhode Island Avenue Suburban Citizens' Association will be held at the Sherwood Presbyterian Church on Wednesday evening, April 25, at 8 o'clock.

The West End Citizens' Association will meet at 8 o'clock this evening in Kidder Hall, 222 Twentieth street northwest.

A meeting of the Mid-City Citizens' Association will be held this evening at 8 o'clock at 1009 Seventh street northwest.

The College Equal Suffrage League will hold its annual meeting for the election of officers this evening at 8 o'clock at suffrage headquarters, 1626 Rhode Island avenue.

A lecture will be given by Edward Page Gaston, fellow of the Royal Geographic Society of Great Britain, on "My War Adventures in Germany and Belgium," at Metropolitan M. E. Church, John Marshall place and C street northwest, this evening at 8 o'clock.

Honorable F. Graham, governor of Vermont, is to be the guest of honor at a reception to him and his staff by the Vermont State Association of Washington to be given at Rauscher's this evening at 7 o'clock.

This evening at 8:30, in the chapel of the Church of the Covenant, Sydney Lloyd Wrightson will present some of his pupils at his annual spring recital.

Colorado Women Aid Guard By Paying Voluntary Tax

Denver, Colo., April 22.—Colorado's women voluntarily are paying a military poll tax. This is one of the "bits" that the women are doing to help their country prepare for war. The money received from the women's voluntary poll tax fund is being used to take care of the recruits to the National Guard of Colorado during the period in which they are neither under State nor Federal service. This situation has developed because the last legislature, known as the "Twiddling Twenty-first," failed to provide funds for the National Guardsmen.

WANTS TO HELP OTHER SUFFERERS

Well-Known Washington Man
Gives a Strong Testimonial
for Plant Juice.

Considerable talk has been stirred up locally by the wonderful relief that Mr. Samuel Frazier, of No. 204 Fourteenth street northeast, experienced through the use of Plant Juice, the new herbal stomach remedy.

SAMUEL FRAZIER.

Mr. Frazier is a popular employee of the Washington Street Railway Company, and has hosts of friends in this city. He recently gave the following signed testimonial:

"I have suffered for a year or more with a bad case of stomach trouble and was compelled to have an operation for it, but after I was operated on, I got back into the same condition, and had no appetite whatever. My food fermented in my stomach and I was badly bloated with gas. I suffered agony after eating and dreaded to sit down to a meal. I was so nervous that I could not sleep at night; my liver was also affected, which caused me to be very dizzy at times. I got very weak and completely run down, lost in weight and was very much discouraged. I was so constipated that I had to keep taking some kind of a laxative all the time which gave me no permanent benefit. Finally I started to take your Plant Juice and that seemed to be just what I needed. I have gained eight pounds in weight and am able to eat anything I want without the least distress. I am glad to give this public endorsement for Plant Juice on account of the great benefit that I received."

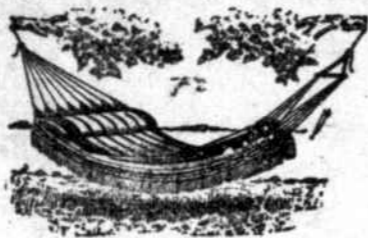

Plant Juice, acts almost like magic in stomach trouble, gas, fermentation, heavy, distressed feeling after meals and on retiring. It attacks and destroys all poisons in the blood, corrects diseased conditions of the liver and kidneys and restores them to normal conditions. The Plant Juice man is at the People's Drug Store, corner of Seventh and E streets northwest, where he is daily meeting the local public, and introducing and explaining the merits of this remedy.—Adv.

Woodward & Lothrop

COUCH HAMMOCKS ARE THE GREATEST COMFORT LUXURY FOR PORCH AND LAWN.

Couch Hammocks that are handsome and lend the right appearance to the porch or lawn on which they are used, and that also afford that degree of comfort and luxury so necessary.

Our line includes several very fine makes—makes that show new refinements and new appreciations of their uses. Entirely new designs are offered in striped and stenciled fabrics, and very artistic color combinations that are superior in every way to those previously offered. The mattresses are made for the utmost comfort, and the springs are rustless and durable. The construction of hammocks has been so excellently done that all danger of sagging and other objectionable features have been almost entirely eliminated.

We call special attention to the New Davenport Couch Hammocks. New Hammocks with adjustable head rest, which lifts up the mattress on one end to serve the purpose of a pillow.

YOU MUST HAVE A REFRIGERATOR BUT BE SURE TO GET A GOOD ONE

What constitutes a Good Refrigerator? To put the answer in plain language so that every one may understand it, we would say a Refrigerator that consumes the least possible amount of ice for its size with the greatest possible amount of dry cold air and having a circulation that extends the cold air thus produced to every part of the food chamber. It also means a Refrigerator that is easily kept clean, that is slightly in appearance, that has all modern improvements in construction, such as removable shelves that are rustless, patent drainage and waste trap and white porcelain or enamel linings.
